SUCCESSFULLY COMPLETING YOUR 2023-2024
ARC APPLICATION

Admissions Action Plan

February 15, 2023: *Application Opens*
Review the ARC Eligibility Requirements, then create an application in the ARC Application Portal (open 02/15/23). Review Testing Requirements, register, prepare and take the tests. Create a timeline to ensure all application materials will be ready for submission before the deadline (06/29/23) and passing test scores are received by (07/15/2023).

February - June 1, 2023: *Complete Testing*
Take tests early to ensure that you pass both the Praxis Core and your Subject Area tests. ETS scoring takes 3-5 weeks and there is a 28 day waiting period for test retakes. If applying for the Praxis Core Waiver submit passing SAT/ACT scores as soon as possible. All passing test scores must be **received** by ARC (07/15/2023) for program consideration.

May - July 2023: *Communication*
Once you have submitted an application, frequently check your Empower Application Portal and email to ensure your application materials are being received by the ARC Office. Follow up with references. Reach out to ohe.arc@ct.gov as needed.

June 29, 2023: *Application Deadline*
The application deadline is today! The online application which includes your personal statement, resume, and application fee should be submitted. Applications will not be accepted after this deadline.

July 15, 2023: *Last Call*
This is the final deadline for receipt of all required passing test scores, official transcripts, and completed references ONLY. No other application materials or late applications will be accepted after this time.

Learn more!

Our partners at TEACH Connecticut are hosting ARC virtual information sessions. Register to attend an info-session at:

Attend a TEACH CT ARC info-session and receive a $100 application fee reimbursement!
